

## Disegni napoletani dei papiri ercolanesi

I disegni rappresentano la trascrizione facsimilare, completa di lacune e spazi bianchi, delle colonne e dei frammenti di scrittura ritrovati nei papiri della Villa di Ercolano. Essi rivestono un ruolo particolarmente significativo per lo studio e l'edizione dei testi: in certi casi, infatti, registrano lettere o porzioni di scrittura andate perdute a causa del processo di lento ma inesorabile deperimento degli originali; altre volte corrispondono a strati di papiro andati distrutti nelle operazioni di apertura di cui costituiscono l'unica testimonianza. In tal caso, e laddove il testo abbia un senso ben definito, alla lezione fornita dagli apografi viene attribuito lo stesso valore di quella degli originali. Sui disegni si riscontrano, il più delle volte, il nome del disegnatore e dell'eventuale incisore e nella gran parte dei casi il visto di approvazione dell'incaricato della revisione.

Le immagini messe a disposizione degli studiosi, in formato digitale ad alta risoluzione, sono il risultato del progetto curato dalla *Mediateca* della Biblioteca Nazionale di Napoli fra il 2010 e il 2012, poi elaborato dai *Servizi web e di biblioteca digitale* riproducendo esclusivamente le carte che presentano segni di scrittura e quelle con funzione di camicia che riportano utili notizie sul papiro.

L'utilizzo per scopi editoriali è consentito previa autorizzazione rilasciata dalla BNN.

### Indice dei disegni

**Avvertenza:** Le riproduzioni dei disegni napoletani dei papiri ercolanesi sono visualizzabili, ad alta risoluzione, attraverso la teca digitale della BNN. Nella tabella seguente sono riportati i numeri che identificano i disegni. Stiamo procedendo al progressivo inserimento delle riproduzioni digitali nel nostro repository attivando i relativi collegamenti, contrassegnati dal colore rosso. Cliccando sul numero del disegno, se il link è attivo, si aprirà la pagina con l'indice delle parti (copertina, camicia, frammento, ecc.) di cui si compone. Da ogni voce di indice si accede alla relativa immagine (il link aprirà una nuova finestra del browser). La raccolta è in fase di metadazione: i documenti già lavorati sono contrassegnati con l'asterisco e possono essere visualizzati nella loro struttura completa all'interno della teca.
